### **Race 4 @ 7.09pm #7 Chase Me**

I thought he was super last week. He's a horse who keeps finding more when he needs too. On paper he looks one of the leading contenders.

### **Race 5 @ 7.41pm #3 Dragonstone**

In the last month she's really started to find her mojo. If she brings her "A" game, I think she'll run a cheeky race.

### **Race 7 @ 8.34pm #7 Jolimont**

He cut out his last 800 in 54 dead last week so you can't go any better than that. The way he's racing he'd have to be a good each way chance.

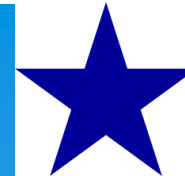

### **Race 7 @ 8.34pm #8 Kango**

Back to the mobile is a big assist. It'll be hard from the outside of the gate, but I'm sure he'll give it his best and do us proud.

### Race 9 @ 9.24pm #6 Rough And Ready

He was great both days at Manawatu and is ready to back up again. Being a sixteen race winner he gets in well. Can our warhorse win his biggest race yet?

### Race 9 @ 9.24pm #8 Joes Rock

She made up plenty of ground from the back in the Queen of Hearts. Like her stablemate, she appears to be one of the key runners.
